The WellSpring of Life Refuge is a charity and a Company Limited by Guarantee (CLG), set up in 2018 to provide support to women and women with children who are affected by domestic abuse.

We offer a variety of support services in the community in Dublin city center and the greater Dublin area.

We are a Christian faith-based charity that aims to provide a safe, peaceful, loving place of refuge to women and women with children who have been emotionally, physically or sexually abused in the privacy of their own homes. Our services are open to all women and women with children regardless of their beliefs, we serve all faiths and none.
