Hello,

My name is Dermot Dennehy and I am the founder and CEO of Manage Remote Teams. Our company started out 5 years ago and we intend to celebrate!

Manage Remote Teams works with organisations across industry to become exceptional hybrid employers by live training online managers and employees how to operate with modern leadership and skills in the new working paradigm we find ourselves in.

Hybrid working has been in operation for up to 2 years and yet, few organisations have formally trained their managers and employees in the new skill sets required to make it a success for the long term. This is your opportunity to do so at a 75% discount.

Our SME clients span the UK, Ireland, EU, US and Asia. Additionally, we work very closely with multiple charities and non-profits in the UK and Ireland including Age UK, Age Cymru, WCVA, The Fostering Network, Family Lives, The Living Room, Local Link Ireland, Buds FRC, The Wheel, British Polio Fellowship and The Scottish Charity Air Ambulance to name just a few.

We are fortunate enough that our business model allows us to occasionally support organisations that are close to our heart with special discounts and today, in honour of our 5th year in business, we are introducing this amazing discount for all charities and non-profits.

Feel free to share this with any third-sector organisation you know.

This offer is for 6 sessions of training for every manager and 6 for every employee. These sessions are live online, run multiple times during each week of the month and usually cost €36 per person per session plus VAT.

Our 5th birthday discount is 75% off the 6 sessions per person that you book with us BUT it is on a first come first served basis.
