Mission

The mission of the Christina Noble Children's Foundation is to give all children their childhood by providing the necessary protection, care and education for them to sleep in peace, surrounded by love. Without this caring, protective foundation in life, the future of any child is bleak. A happy and secure childhood is one of the most precious and enduring memories we can have and sets the foundation for the life we lead as adults. The opportunity to experience a happy childhood is the right of every child.

Description

Christina Noble Children's Foundation is an international partnership of people dedicated to serving children in need of emergency and long-term medical care, nutritional rehabilitation, educational opportunities, vocational training and job placement, as well as children at risk of sexual and economic exploitation. The Foundation seeks to maximise the potential of each child. This is accomplished within the context of the family and the community whenever possible and always with love and respect for the dignity of each child as an individual.

We run our programmes in Vietnam and Mongolia.
