

Child Fund Ireland (<https://www.activelink.ie/node/111>)

ChildFund has been assisting children all around the world for over 65 years. We assist individual children, who are devastated by poverty and injustice.

How does child sponsorship help?

By sponsoring a child with us today you can give them the chance to learn, play, laugh and grow up in a child-friendly environment.

How does child sponsorship work?

As a child sponsor, you give a monthly donation. This money does not go directly to the child or their family. It supports the project where your sponsored child is enrolled.
