

Childcare Online (<https://www.activelink.ie/node/112>)

Dublin City Childcare Committee (DCCC) is one of 33 County and City Childcare Committee's established throughout the country.

It is made up of a central office and 5 Local Childcare Resource Centres (LCRC's). DCCC and the 5 LCRC's offer information and supports to parents, providers of childcare, childcare workers, home based childminders and employers.

Activities are carried out across the city to promote the development of childcare and quality awareness at a local level including seminars, training courses, networks for childcare providers and information initiatives for both parents and providers.

Further information on the work of Dublin City Childcare Committee is available at: <https://childcareonline.ie/> (<https://childcareonline.ie/>)
