The CIN is part of the ALONE service <https://alone.ie/community-impact-network/> (<https://alone.ie/community-impact-network/>) and is available to join for free for any group, service or organisation that supports older persons in their work or community offerings.

The Community Impact Network (CIN) is a national network focused on building the collective leadership and capacity of organisations to meet the needs of older people in Ireland.

We offer Networking, Training, Technology, Resources & Best Practice to support the membership base. We develop connections and partnerships between statutory, community and voluntary services which enhance services for older people. Supports to members are available to the staff and volunteers of our member services.

- Details on our trainings and schedules are here: <https://alone.ie/community-impact-network/#training-cin> (<https://alone.ie/community-impact-network/#training-cin>) Further details can be provided by email.
- Mentoring and peer supports are also available through the network and available from members that provide similar supports and services.
- Another offering is digital skills training and support which may be of interest to your service for staff, volunteers and older persons.
