The Citizens Information Service

Citizens Information Services (CIS) are companies which provide comprehensive information on all aspects of public services and entitlements for people in Ireland. This is done by providing face-to-face information on public and social services on a drop-in and appointment basis. The CIS also provides an advocacy service for its clients. There are Citizens Information Centres (CICs) right across Ireland, and these are supported by outreach locations and a mobile service. In 2024, the North Leinster CIS provided service to over 73,697 clients. For more information, please see: <http://www.citizensinformation.ie> (<http://www.citizensinformation.ie/>)
