Supporting Survivors of Institutional Child Abuse and their Families

Right of Place second chance is a vision and values driven organization which offers a professional service to its members. We support their entitlements and Rights by empowering them through the promotion of trust, respect and self confidence. We provide practical help and offer a forum for communication, information, validation, peer support and encouragement to all survivors who suffered as children in State run institutions.

We offer Survivors professional Outreach Service, in each of the Regions we serve and operate 10 Transitional Apartments in Cork, housing Survivors who need assistance. We work as an advocacy group for the Rights of Individual Survivors.
