

SE Systems (Sustainable Energy Systems): Community Fund Summer Call (<https://www.activelink.ie/node/115915>)

SES Community Fund

Community Fund Summer Call

We empower communities to lead the way in Ireland's transition to a cleaner, greener, and more energy-efficient future with the SE Systems Community Fund.

Empowering Communities for a Sustainable Future

Is your community group looking to lower energy costs and reduce carbon emissions? The SE Systems Community Fund Summer Call is here to help! We support non-profits, charities, and voluntary organisations in delivering impactful energy efficiency and renewable energy projects that create long-term benefits for communities across Ireland.

For Summer 2025, we are making €500,000 in funding available to help organisations future-proof their buildings through sustainable energy upgrades.

What We Fund

This round of funding supports energy efficiency and renewable energy projects, including:

- **Building Fabric Upgrades:** Improving insulation, windows, and doors to improve energy efficiency.
- **Energy Audits:** Assessments to identify potential energy upgrade measures.
- **EV Charging Infrastructure:** Installation of electric vehicle charging points to support sustainable transport.
- **Technological Improvements:** Replacing inefficient boilers with heat pumps or upgrading heating controls.
- **Heat Recovery Systems:** Systems to recover and reuse wasted heat.
- **Energy Monitoring:** Smart systems to track and optimise energy usage.
- **External Sports Lighting Upgrades:** Energy-efficient lighting solutions for outdoor sports facilities.
- **Renewable Energy Solutions:** Installation of solar PV & batteries, biomass systems, and wind turbines.
- **Deep Retrofits for Housing Associations:** Extensive energy upgrades to improve efficiency, comfort, and sustainability in residential buildings and apartment blocks.
