

Gestalt Institute of Ireland (<https://www.activelink.ie/node/116469>)

Aims & Objectives:

We have been providing quality psychotherapy training & personal/professional development since 1983.

We have a strong reputation within Ireland and in the international Gestalt community and have graduated more than 400 therapists. Our alumni work worldwide in university settings, medical centres, education, social services, statutory & voluntary organisations and private practice.

The Gestalt Institute provides regular opportunities for graduates and the wider professional community to keep abreast of changes in Gestalt theory and practice including through our international seminar series. A vibrant postgraduate community offers support and mentoring to newly qualified therapists and experienced practitioners.

Area of our work:

Psychotherapist and Supervisor training courses in addition to a personal development programme.
