

Comber Foundation - for a future without orphanages **(<https://www.activelink.ie/node/1227>)**

Comber Foundation is an Irish NGO which has worked with children in orphanages in Romania since 1991. Comber is now working with the Romanian Government to drive the closure of institutions for children and young adults with disabilities.

We do this by:

- Providing homes in the community for adults with disabilities still living in institutions
- Helping families to keep children with disabilities at home
- Education & Training with our Romanian partners
