

Early Childhood Ireland (<https://www.activelink.ie/node/142>)

Early Childhood Ireland has supported the development of early childhood care and education services in Ireland over the past 30 years. It is a member based organisation with members mainly involved in the provision of playgroups and day care services, both community and private.

The focus of the organisation's work has concentrated on training, advice and support, networking and lobbying to support members in the provision of quality services.
