

Technological University Dublin **(<https://www.activelink.ie/node/16358>)**

Deeply embedded in our region, TU Dublin has campuses in Dublin City Centre in Grangegorman, Aungier Street and Bolton Street, and one each in Blanchardstown and in Tallaght, and, through our major infrastructural development plan, we are currently investing over €500 million in new, state-of-the-art, technology-enabled facilities to enhance our students' experience.

While TU Dublin is already a leader in STEM disciplines, the University also supports the largest cohort of students of business, media, culinary arts, and the creative and performing arts. We are passionate about life-long learning and, as the largest provider of part-time education, we make an important contribution to the economic life of Ireland, enabling capacity building for the future.

Our distinguished researchers and innovators are pioneers in science and technology discovery; they play active roles in informing policy and standards; and contribute to the creative life of Ireland. Our award-winning technology transfer and business incubation activity have delivered over 400 sustainable new businesses with an economic value of almost €700 million.

With an international outlook, we welcome students and staff from around the world while our strong international partnerships provide plenty of opportunities for student and staff exchange programmes; major cross-collaboration research projects; and employment opportunities. We are immensely proud of our global network of over 100,000 graduates.

Joining the ranks of exceptional Technological Universities around the world, TU Dublin is planning an exciting future...
Infinite Possibilities.
