

CityWide (<https://www.activelink.ie/node/203>)

CityWide works to promote and support a community development approach to the drugs problem - this means involving the people who are most affected by the problem in dealing with the problem - drug users, their families and communities.

CityWide aims

- To respond to the problem of drugs, in particular the heroin crisis, that has ravaged Dublin communities
- To develop the capacity of local communities to respond to the problem in their areas
- To encourage an inter-agency response to the drugs problem, including government departments and agencies, trade unions, community and voluntary bodies and other relevant agencies.
