

Sathya Sai Sanctuary Trust for Nature **(<https://www.activelink.ie/node/21>)**

The Trust was founded in 1991 primarily to offer a place of peace and refuge for old, injured, unwanted, abandoned, neglected and abused donkeys, who through no fault of their own, no longer fit into a world geared for profit and productivity and which is presently dominated by heavy agricultural machinery. Once an important part of the Irish heritage and farming economy these forgotten animals so often suffer through mankind's greed for money and power and even today are generally valued more for their financial worth than for the spirit within.
