

Gort Family Resource Centre (<https://www.activelink.ie/node/238>)

A community project that aims to meet local needs and improve our quality of life.

We have a number of different projects going on at the moment. We are working with the Elderly in running a monthly get-together for older people. We also run Parenting Classes, and hope to be able to offer Computer Classes soon. We are establishing a Youth Club in Gort and we hope to be able to offer a Making Choices Programme for disabled people in the near future.

Citizens Information Centre is available on the 1st and 3rd Monday of the month, Money Advice & Budgeting Service is available on Thursday mornings. The Brazilian Association offer an advice and information service here every Tuesday and Friday from 10-1 and 2-5. GROW meets here every Monday night.
