

Love and Care for People (<https://www.activelink.ie/node/27052>)

Mission Statement:

To educate, advocate and raise awareness about family violence and its impact on children, girls', young people and women. Our goal is to prevent family violence from happening, and empower victims and survivors to rebuild their lives.

Aims & Objectives:

- To provide support for survivors, victims and those at risk of family violence
- To provide access to education and enterprise development for survivors, victims and those at risk
- To empower children, girls, young people, and women to know their rights and to build up their own capacities as decision-makers
- To motivate children, girls, young people, and women to be actors of positive change and make a meaningful difference in their community and the world
- To support children, girls, young people, and women achieve the transformation they would like to see in their lives
- To inspire and empower children, girls, young people, and women to become future advocates, mentors, leaders and role models
