

## **Bluestack Foundation (<https://www.activelink.ie/node/27507>)**

The Bluestack Special Needs Foundation was established in 2006. It is a voluntary organization run predominantly by parents of children with special needs and professionals who work in the field. Its mission is two fold, to enhance the lives of people with special needs and to support families with a special need dependent.

We run a range of programmes and supports for people in the north west. We try to act as an initial supportive contact for families.
