

Suas Educational Development **(<https://www.activelink.ie/node/408>)**

Suas is a movement that supports quality education in disadvantaged communities in Ireland and in Developing Countries. We do this by working with and supporting partner organisations to develop, deliver, monitor and evaluate quality education programmes; engaging and preparing volunteers to support programme delivery; and building a wider movement of members who share our vision and aims.

Vision

Our vision is a world where all young people are given the opportunity to realize their full potential in life, and to create positive change in their society.
