

Friends of the Earth (<https://www.activelink.ie/node/450>)

Friends of the Earth works with others to create a sustainable community both in Ireland and globally; societies where people have decided to build the conditions for everyone to enjoy a dignified existence and good livelihood while not impinging on the rights of others to achieve a good life.

The sustainable societies we are seeking will conserve a diverse planet, steward resources and improve conditions for both current and future generations.
