

Dublin Community Television (<https://www.activelink.ie/node/46>)

Owned and controlled by the people of Dublin, community television will on the one side provide affordable access to transmission, training, and basic production equipment and facilities, and on the other yield a wealth of innovative, creative, educational and entertaining programmes that focus on real people and communities in all their diversity.

We aim to achieve this through Dublin Community Television Channel which focuses on transmission, training and production access.
