

Cúram (<https://www.activelink.ie/node/464>)

Cúram seeks recognition for the role of parent and carer and for the value of their work to the economy, to society, to their local communities and to their families.

Cúram provides a forum for parents and carers to exchange information and ideas with each other, with experts, with other groups and with policy makers.

Cúram organises and attends meetings on topics of interest to parents and carers around Ireland, in the EU and at the UN.
