

Focus on the Family Ireland (<https://www.activelink.ie/node/470>)

Like most Irish people we are passionate about the family. We are a charitable organisation, built on Christian principles, which supports, encourages and strengthens the family through education and resources.

We're here to help with

- Marriage and Parenting seminars and conferences.
- Family Camps, giving parents and children time together, one-to-one.
- Quality resources, books, videos and magazines.

Focus on the Family Ireland is a wholly Irish organisation run and staffed by Irish people but with the backup and support of Focus on the Family's offices around the world. Focus on the Family Ireland is founded on, and guided by, Christian principles and values.

We aim to reach people at every stage of life from young children, through teens and young adults to parents and grandparents with timely advice, resources and programmes.
