Vincentian Partnership for Social Justice works for social and economic change, tackling poverty and exclusion. Promotes an Active Citizenship Programme which encourages people to participate in the electoral democratic process and enables them to develop the skills necessary for active participation in the social and economic life of the area.

Training Trainer Workshops are provided for community leaders who want to facilitate the Active Citizenship/Voter Education Programme at local level.

The Partnership engages in research into the reality of poverty. Also provides information on specific social issues with a view to raising awareness and encouraging action.
