

Donegal Local Development Company CLG

(<https://www.activelink.ie/node/626>)

Donegal Local Development CLG. – Supporting our Communities (DLDC) is a community led local development organisation. Established in 1995, it is led by a voluntary Board of Directors from community and voluntary groups, social partners, local government and state bodies. Our catchment area covers County Donegal except for the Inishowen area, which is covered by Inishowen Development (IDP).

DLDC has over 25 years' experience of delivering to communities on the ground, providing a wide range of local development services including training, work placements, grants and service.

Goverance

Donegal Local Development CLG is a company limited by guarantee with charitable status. DLDC is governed by a Board of Directors whose membership is in keeping with the Irish "social partnership" model. The Board of Directors is the ultimate decision making body within the organisation with representatives from the community and voluntary sector, social partners, statutory agencies and public representatives to devise and implement solutions to the disadvantage experienced in Donegal. In addition to annual independent financial audit the Partnership is subject to Internal Audits by each of its funders.
