

Women's Aid (<https://www.activelink.ie/node/651>)

Women's Aid is a national, feminist organisation working to prevent and address the impact of domestic violence and abuse. We do this by advocating, influencing, training, and campaigning for effective responses to reduce the scale and impacts of domestic abuse on women and children in Ireland and by providing high quality, specialised, integrated, support services.

Women's Aid vision is an equal Ireland, with zero tolerance of domestic abuse and all other forms of violence against women. Our values are courage, cooperation, inclusivity, empowerment, equality and change.
