

Limerick Sports Partnership (<https://www.activelink.ie/node/664>)

Limerick City and County Local Sports Partnerships merged to form Limerick Sports Partnership in January 2014. The aim of Limerick Sports Partnership is “Getting Limerick Active” together with:

Increasing participation in *sport*.

- Ensuring that local resources are used to best effect.
- A mechanism to co-ordinate the efforts of all key influencers to further develop sporting opportunities for local communities.
- A vital link between the needs of local people, the work of other sports organisations/officers and national agencies and state agencies.

Limerick Sports Partnership is now based in UL Sport Arena at the University of Limerick. This location provides us with access to a weekly footfall of 12-15,000 people while also creating links and relationships from grassroots, education and professional sport.

The LSP is an inter-agency and multi-sector organisation established as a limited company with representatives from all the main statutory, community and voluntary fora represented on a dedicated Board of Directors.
