

Age Actions' Getting Started KIT Remote Training **(<https://www.activelink.ie/node/79822>)**

As part of Age Action's Getting Started digital umbrella we developed the **Keep In Touch (KIT)** in response to COVID-19. This **remote** national learning initiative helps older people improve their digital literacy skills, so they are more connected, informed and supported specifically during periods of social distancing.

Using our specially developed curriculum of eight **How to... guides** we are offering up to five hours tutoring, by phone, to anyone who feels that they need support with using their smart device. Covering topics like how to set up an email, how to download an app, and how to use video to see your loved ones, learners will be matched with a volunteer tutor who will cover the topics they choose, at their pace. We will also send learners a 40-page learning booklet with lots of smart images to help with tutoring sessions.
