We For Women Presents: April Workshops

We for Women is an inclusive “hive” where people come together to work towards integrating unemployed migrant women into the labor force through free training and mentoring.

We invite all **refugee, asylum-seeking and migrant women** in Ireland to our April workshops! We also encourage service providers, NGO workers, educators, volunteers and all active citizens (**regardless of their gender and background**) to attend these events to stay updated and improve their practice.

All workshops are free and held online. Registration is necessary to attend.
