

## **Building Back Better: The Post Covid-19 world for persons with disabilities (<https://www.activelink.ie/node/81442>)**

**Date:** Friday 14 of May, 2021

**Time:** 10am – 1pm

The National Disability Authority is holding an online consultation to listen to the views of persons with disabilities and DPOs on “Building Back Better: The Post-Covid-19 world for persons with disabilities”.

Obtaining the perspectives of persons with disabilities is essential for the work of the National Disability Authority as these inform our work and advice to government. The consultation will focus on employment and training, education, everyday living and the use of technology in these areas.

The keynote speakers will be providing input from their lived experience and the breakout sessions are designed so that we can hear from as many persons with disabilities or their representatives as possible.

The full event programme and details on registering to attend this consultation are on [the National Disability Authority website](http://nda.ie/news-and-events/news/-building-back-better-consultation-event.html). (<http://nda.ie/news-and-events/news/-building-back-better-consultation-event.html>)
