The [citizensinformation.ie](https://www.citizensinformation.ie/) (<https://www.citizensinformation.ie/>) website provides comprehensive information on public services and on the entitlements of citizens in Ireland. We gather information from various government departments and agencies, and make sure that you have all the information you need, presented in an easy-to-understand way.

The site has been specially designed around the needs of users for those times in life when you need information about your rights and how to apply for State services in Ireland.

Citizensinformation.ie was developed, and is maintained by the Citizens Information Board. Citizensinformation.ie website is an Irish eGovernment initiative, and was originally established under the Government's first action plan for the Information Society.

The Citizens Information Board is the statutory body which supports the provision of information, advice and advocacy on a broad range of public and social services. It provides the Citizens Information website, [citizensinformation.ie](https://www.citizensinformation.ie/), and supports the network of Citizens Information Centres and the Citizens Information Phone Service 0818 07 4000 to provide free, confidential, independent and impartial information to all.
