
Abode (Doorway to Life) (<https://www.activelink.ie/node/93572>)

Doorway to life began services in 1986 in Mahon, a suburb of Cork City. Over the years as we developed our services, our original building was not fit for purpose. Working in partnership with Cork City Council we developed a new purpose built facility in Kilbrack Grove, Blackrock. This enables us to offer enhanced services and facilities to service users with a physical and sensory disability.

Services

- Day Activation
- Independent Living Training Programme
- Long Term Accommodation
- Respite Accommodation
- Doorway to Life Housing Association.
