Context and Background

The Technological University of Dublin Students' Union (TU Dublin SU) is a Constitutional Body that represents the interests of the students of TU Dublin. It is student owned, student led, student accountable and officially recognised by the Governing Body of TU Dublin as the autonomous voice of the students of the university. Its mission is to support student life by providing a range of student services including events and campaigns, providing advice & advocacy and representation in the defence of students' rights in academic, social, and personal matters and is independent of TU Dublin.

The TU Dublin Students' Union has two structures, one of which is a democratic political structure, the Student Council; this establishes policy for the Union and to which all Elected Officers are accountable.

The Constitution of TU Dublin SU has also established TU Dublin SU CLG, a company owned by students which manages the financial, commercial and human resource assets of the Students' Union. It is constitutionally authorized to enter into contractual arrangements for and on behalf of the Students' Union. The Board of Directors of this company is made up of a majority of students, with a minority of external Directors, bringing specific expertise to the Board's deliberations.
